The Placing Price was determined with reference to the prevailing market price of the Share and was negotiated on an arm's length basis between the Company and the Placing Agent. The Directors (including the independent non-executive Directors) consider that the terms of the Placing are on normal commercial terms and are fair and reasonable as the recent stock market has shown strong sentiment and as such the Placing is in the interests of the Company and the Shareholders as a whole.

General Mandate

The Placing Shares will be issued under the General Mandate granted to the Directors by a resolution of the Shareholders passed at the AGM subject to the limit of up to 20% of the issued share capital of the Company as at the date of the AGM, being 132,245,942 Shares (representing 20% of 661,229,714 Shares in issue as at the date of the AGM). Reasons for the Placing

The Directors consider the timing of the fund raising by way of the Placing is appropriate as the recent stock market has shown strong sentiment and there is an interest indicating by the investors in view of the business prospect of the Company.

Notwithstanding that the Company had two fund raising activities in the past as disclosed in the section headed “Fund raising activities in the past twelve months” below, the intended use of such proceed had been set aside for the repayment of loan and some investment as specified in the section headed “Fund raising activities in the past twelve months” below.
